| Element | Description                                                                                                                                           | Example                                                                                         |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|
| title   | The title of the item.                                                                                                                                | Venice Film Festival Tries to Quit Sinking                                                      |
| guid    | A string that uniquely identifies the item.                                                                                                           | <a href="http://inessential.com/2002/09/01.php#a2">http://inessential.com/2002/09/01.php#a2</a> |
| ttl     | ttl stands for time to live. It's a number of minutes that indicates how long an item can be cached before replacing by another item from the source. | <ttl>10</ttl>                                                                                   |
